

# Hideaway

A superior deluxe cottage – secluded and private, this luxury cottage is perfect for honeymooners or couples looking for a romantic getaway, yet is large enough to accommodate beds for two children sharing (on bunkbeds) with their parents. The king-size four poster bed has stunning views across the valley, through the French doors that open up onto the outside deck and verandah. The verandah features a carved day bed for relaxing in the shade, whilst the steps take you down to a private garden and plunge pool. For those winter evenings, there is a cosy seating area inside with an open fire.

The open plan en-suite bathroom features a sunken bath and French doors leading to the deck, bringing the outside indoors. There is a waterfall shower inside and an outside shower overlooking the valley. The room has a mini bar with tea and coffee making facilities.
